

## SIMPLICITY IS THE ULTIMATE SOPHISTICATION

Simplicity doesn't come out easily. Inspired by tradition, Oxford is a textile wallcovering, completely made in Italy. Its base is a cotton dyed fabric, on the top a special machine-made coating, gives the color and emphasizes the detailed texture to strengthen the surface. The result is a great look in natural linen, of a very strong consistence and a solid and resistant surface.

Invisible seams and easy to install.

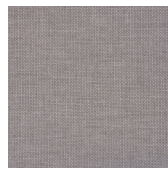

Although it's made out of textile, Oxford keeps an uneven natural look but with no fibers imperfections. The strong surface makes it easily usable for general wallcovering also in high-traffic areas and in hospitality, as it has a significant resistance to abrasion.
