

VICTORIA'S ARTWORK

This product is named after the artist who created the design. The unique design's artwork has been created by hand-painted brushstrokes with light, understated colours. The abstract motif is open to infinite interpretations, yet the feeling of the various openings and geometries can evoke the many roads, doors and paths that fate invites us to take, none of which is right or wrong. The digital production of this design on an exquisite velvet background with a motif in subtle yet bright colours makes life's mission even more pleasurable and magical.
